HOW TO GET A FREE .me DOMAIN FROM NAMECHEAP

By:
Web Team
University of Peradeniya

After you activate your GitHub Student Pack you will receive this email

GitHub Education

Hey @ Hanikha-Ratnayake

Welcome! Thank you for joining GitHub Education, we're so happy you're here! GitHub Education helps students, teachers, and schools access the tools and events they need to shape the next generation of software development.

GitHub
Student Developer Pack

The Pack has tools for (almost) everything you'd ever want to build. Ready to get started?

If you are **renewing** your membership please be aware that some of our partner offers are single-use and non-renewable, and that you should contact the partner directly if you have any questions.

GitHub Student Developer Pack

Learn to ship software like a pro. There's no substitute for hands-on experience. But for most students, real world tools can be cost-prohibitive. That's why we created the GitHub Student Developer Pack with some of our partners and friends: to give students free access to the best developer tools in one place so they can learn by doing.
